WAXING & TWEEZING FACT-SHEET

Waxing and tweezing can cause individual sensitivities and irritations of the skin, even in clients that have had no prior history of sensitivities. If you have experienced any sensitivity to any waxing products services or scented cosmetics formulations, it is important to inform your technician before any services.

CAUTION & CONTRAINDICATIONS

It is recommended that you do not undergo tweezing and/or any waxing if any of the following scenarios apply:

- If you are using any kind of acid-based products, for example Retin A, Renova, AHA, Differin, Accutane, etc.
- If you have a communicable disease or skin related condition
- If have broken skin, inflammation and suspicious growths on or around the service area
- If you have active or history of herpes outbreaks

PRE TREATMENT

Avoid using any application of acid-based products for 5-7 days to avoid any irritation.

MINOR POLICY

Minors 18 and under must have a parent or legal guardian present at the time of services to sign and consent for service.

NOTE

If you have any questions or if you feel uncomfortable at any time, prior, during, or after your service, please inform your technician immediately.

CONSENT & WAIVER

I have read and agree to the fact-sheet above and I agree to advise my specialist of any facts that may impact this service. I understand the potential risk and sensitivities involved with cosmetics services. I — for myself, my heirs, executors, and administrators — hold BrowZnAround Eyebrow Studio, its employees and its representatives harmless from any and all claims and damages associated with receiving service at BrowZnAround Eyebrow Studio.
